

Association of Major Clubs 2010

The 2010 fly-fishing season is just around the corner and we are again competing in the Association of Major Clubs competition throughout the season. Having won the Division One Championship in 2008, we had a slightly less successful year last year finishing in third place – so we need all the help we can get! Are you interested in taking part this year and fishing against some of the best competition anglers around on the country's top reservoirs? Then we want to hear from you!

The Major Clubs matches are always keenly contested, but are fished in a relaxed and friendly manner with a meal after the match, and there's a great chance to socialise and discuss the day's fishing.

You can fish in either the Spring or Autumn Association match, this year to be held on Grafham Water or Bewl Water respectively, plus three of the Group One matches. After-match meal costs are typically around £8 per person, plus your boat and day ticket fees. If you're interested in taking part, then please fill in the form below and return it to the address provided. More details on the website www.rwff.org.uk

Teams in Division One this year are: Rutland Water Fly Fishers, Bristol Reservoirs FA, Bewl Water 'A', Fish Hawks 'A' and Hanningfield Water FA.
