

RUTLAND WATER FLY FISHERS

(affiliated to the Federation of Midland Fly Fishers (Anglia) and the ACA)

As you would expect from our name, the club is based at Rutland Water and the town of Oakham. But we draw our membership from much wider, with Members coming from as far afield as Cheshire, Lancashire and Yorkshire, with a few from Tyneside and Scotland! This maybe because they appreciate the monthly newsletters with reports, in season, on how the reservoir is fishing, up to date on-line information and the possibility of contacting local members for even more up-to-date information.

Club members include anglers who have a passion for bank and boat angling, those who fish in local and international competitions or those who just have a love for the sport. During the season the club runs a series of competitions, for both bank and boat, with some fished to reservoir regulations and others to International Rules. We enter teams in all major national competitions and participate in the Association of Major Flyfishing Clubs matches. The Club also runs a pro-active youth programme. We are the only independent body looking after the interests of anglers at Rutland Water and are in regular consultation with Anglia Water Services. During the winter we run a programme of free evening activities, including such regular club meetings as: speaker evenings involving a series of talks and demonstrations by fly-fishing personalities and experts, tackle auction, social and fly-tying evenings, a pre-season dinner with speaker. All this for an annual membership fee of just £20 for full members, £15 for OAPs and £6 for juniors.

If you would like to join a thriving club of like-minded anglers, please complete and post immediately the application form below in the pre-paid envelope attached. Your cheque should be made payable to: Rutland Water Fly Fishers.
